

Leslie Austin

Teacher Assistant

Vanderbilt University - BA Psychology and Anthropology

---

I joined Desert Voices as a Teacher Assistant in the P1 classroom in 2023 and I'm so excited to work with this great team!. My husband John and I have a 9 year old daughter, Aubrey, and a dog named Baby. I love to craft, spend time with friends and family and do jigsaw puzzles in my free time. During the summer, I love to swim with my family. I am so lucky to have been born and raised in Phoenix; what a wonderful place to call home! Before coming to Desert Voices, I spent three years as a nanny for three wonderful boys. I taught preschool for two years before that. I have my BA from Vanderbilt University in Nashville, TN where I studied Psychology and Anthropology.
